

1. Begin by opening the Apple App store on your device.

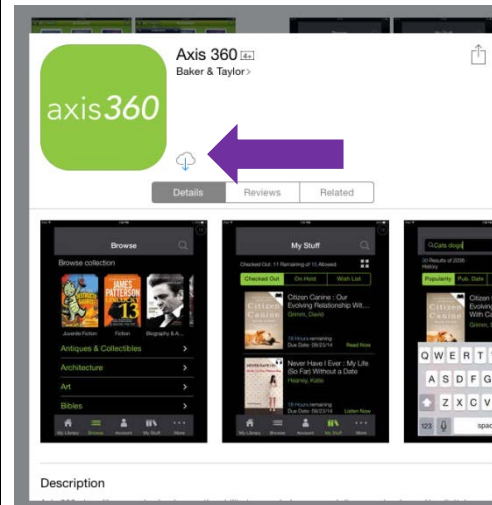

Click the Search icon to open the Search bar, then type in Axis360 and click Search.

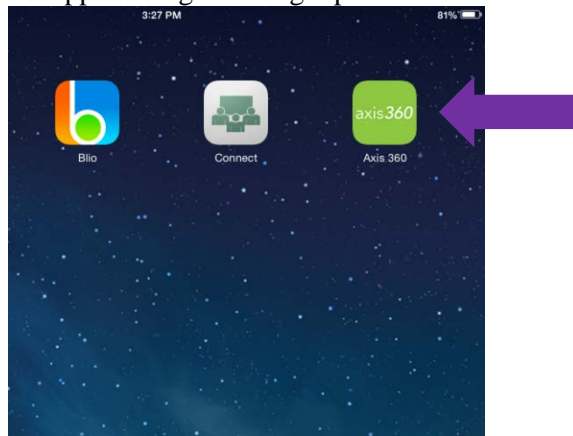

The axis360 app will be a green square with a white "axis360" in it. Tap this app to open an info screen.

2. On the info screen, tap the download icon to download the axis360 app. This looks like a little cloud with an arrow.

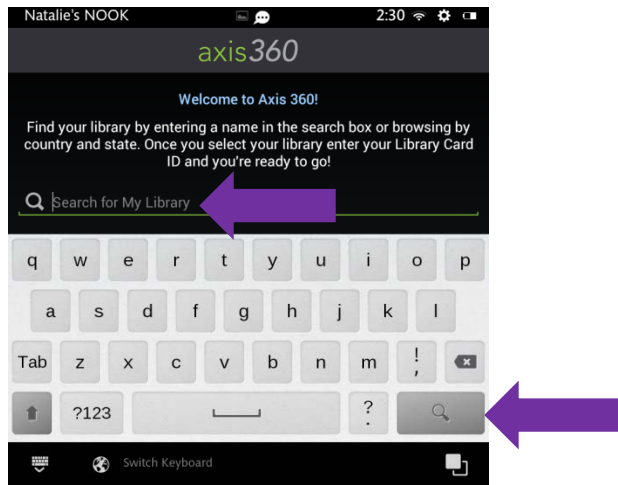

3. Once the app is finished downloading, return to your home screen and look for the new icon. Tap the icon to open the app and begin the login process.

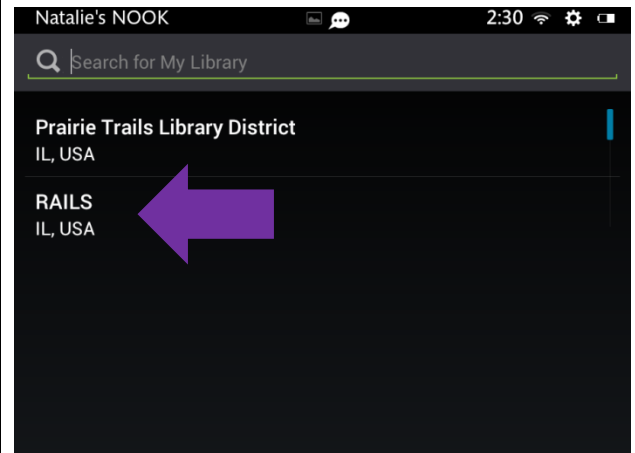

4. When you first open the axis360 app it will give you some info about the app. When you're ready, tap "Skip to find your library now" at the bottom.

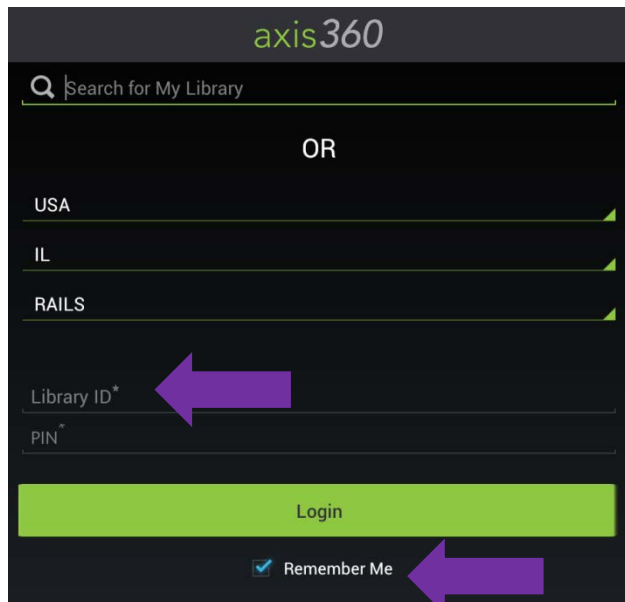

5. Tap “Search for my library” and type in the beginning of your library’s name and then tap the Search icon on the keyboard.

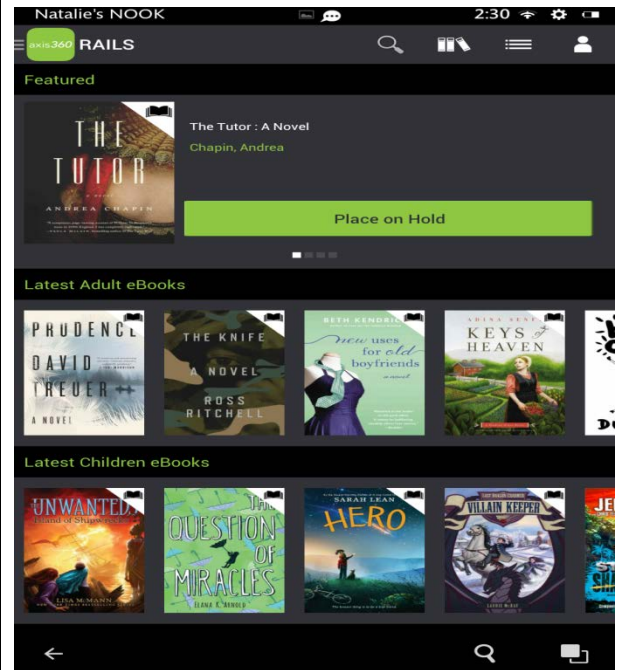

6. Tap the name of your library when it appears in the search results.

7. Next, enter your library ID and PIN(if needed), make sure the “Remember Me” box is checked, and tap “Login”. The “Remember Me” box will save your info and login you in automatically from now on.

8. Now you can search or browse the collection to check out books. Items with the open book will be e-books. Items with the headphones will be audiobooks.

**Congratulations! You’re reading to start exploring the collection and checking out items. Happy reading!**
