

## **Privacy Policy**

The Morton Grove Public Library complies with all applicable laws governing privacy and confidentiality of patron records, including the Library Records Confidentiality Act (75 ILCS 70/), and follows the American and Illinois Library Associations' recommendations on protection of patrons' privacy and confidentiality.

The Library recognizes the responsibility to protect its patrons' intellectual freedoms by maintaining the confidentiality of all records and information concerning patrons' use of Library materials, facilities, and services. Patron-identifiable information refers to information necessarily collected by the Library in print or digital form that links individual patrons to use of particular Library materials, facilities or services. Patron-identifiable information is considered confidential information.

To protect this information Library staff will refuse to disclose any patron-identifiable information to anyone outside of the Library unless required to do so by a subpoena, court order, warrant or other process appropriate under the circumstances which is properly issued and authorized by federal, state, or local law relating to civil, criminal, or administrative discovery procedures or legislative investigatory power.

The [Library Records Confidentiality Act \(75 ILCS 70/\)](#) creates a narrow exception allowing release of information without a court order in emergency situations regarding the identity of suspects, witnesses, or victims where the officer believes there is imminent danger of physical harm, provided:

1. A sworn law enforcement officer represents to the Library it is impractical to get a court order as a result of an emergency; and
2. The officer has probable cause to believe there is imminent danger of physical harm; and
3. The information requested is limited to identifying a suspect, witness or victim of a crime; and
4. The information requested does not include records reflecting materials borrowed, resources reviewed, or services used at the Library.

Patron identifiable information may be disclosed to a collection agency and/or law firm used by the Library. The Library requires any third-party service provider's assurance that appropriate procedures are in place to prevent the unauthorized release of confidential information to others
